## INTRODUCING

# The Impact of Brass

#  
#

The Impact of Brass is one of southern Wisconsin's finest and most versatile musical groups. This well-known regional ensemble has been performing throughout the Midwest since 1982 featuring some of the finest musicians in Southern Wisconsin. The Impact of Brass has performed for community concerts, festivals, concert series, conventions, leading fairs, and special events throughout Wisconsin and Northern Illinois. They will be performing both Friday and Saturday evenings.

The Impact of Brass will be playing a variety of Christmas music beginning at 5:30 p.m. while punch is being served. Following dinner they will present a concert of secular and sacred Christmas music featuring exciting rousing renditions of holiday favorites, and beautiful timeless carols. Their repertoire includes everything from "Jolly Old St. Nicholas" to "Joy to the World", from "The Grinch Tune" to "Gesu Bambino".

If you love the warm, well rounded tones of a great brass sextet to lift your heart, set your toes tapping and your mouth smiling, then don't miss this very special event!
